

Trinity Futures 2002

Trinity Futures 2022

Trinity Futures, our annual two-week long career event, designed to support students in planning for their future has come to an end for another year.

Students have had the opportunity to hear from a range of employers and employment sectors, helping them to learn about the world of work and to start thinking about the kind of job and career they wish to pursue in the future.

The fortnight involved a series of workshops, presentations and trips, where students got to hear from outside speakers about a range of careers, job roles and industry sectors.

ROYAL AIR FORCE APPRENTICESHIPS

RAF Workshop & Assembly – Year 7 and 9 students met members from the Royal Air Force, who talked about their life and careers in the RAF, the job roles on offer and the range of apprenticeship opportunities available.

Young Enterprise Employability Masterclass – Year 9 and 10 student took part in a series of group workshops, learning about the employability skills that are essential for the world of work. Activities included a CV surgery, a personal branding workshop and learning about their digital footprint.

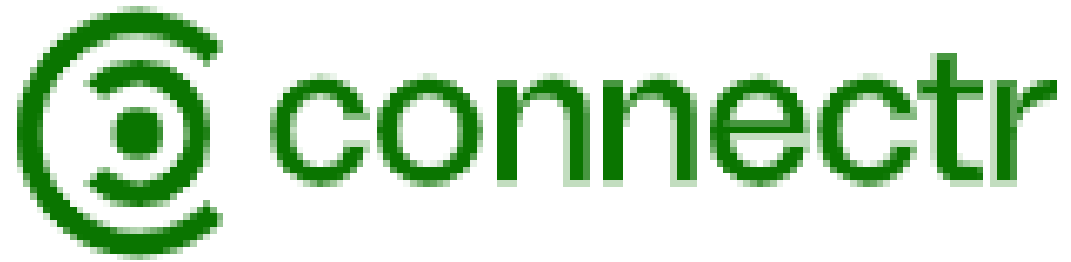

Bank of England Presentation - Nina Turnbull, an analyst from the Bank of England came to Trinity and talked to all year 8 and 9 students about the roles and functions of the Bank of England, as well as talking about her life journey, job role and careers at the Bank.

INVESTMENT 20/20

Investment 20/20 – Discover Careers in Investment Management Workshop – Year 10 Students learned about Investment management and the jobs within this profession. Investment ambassadors including a graduate and an apprentice talked about their journey from education to work and also the Investment 20/20 Trainee and Apprenticeship programme.

Connectr – Electric Vehicle Challenge – A team from the National Grid delivered a specially designed STEM workshop to help our students learn more about STEM related careers and give the opportunity to explore different career routes and pathways at the National Grid.

B B C

BBC Presentation – The head of audience planning at the BBC gave an assembly to our year 7 students. He talked about his career and job role, what the BBC does, what its like to work for a television network and the career opportunities on offer.

Alliance Bernstein - Employees from Alliance Bernstein, a global asset management firm met with our year 7 and 8 students to talk about what the company does, the jobs and career pathways within this industry and the employability skills needed for the workplace.

National Apprenticeship and **Higher Education Shows** - All year 11 students attend the National Apprenticeship and UK Higher Education Shows at Sandown Park. Students had the opportunity to meet and talk with hundreds of employers and higher education providers, showcasing apprenticeship and education opportunities.

MET Police Assembly - Two representatives from the Metropolitan Police gave a presentation to year 7 and 9 students about their careers and working for the police service, including information on career opportunities, jobs roles, entry pathways, training and the police cadets.

LFB Design Consultants - Cherry Baillie, a local architect and owner of LaFoucade-Baillie Design Consultants gave a workshop to our year 8 students. She talked about her career journey, how and why she became an architect and shared her knowledge on how to choose and build a successful career.
