

PUPIL PREMIUM GRANT EXPENDITURE 2023-24

In order to plan support that has a proven impact, we are using strategies identified by the **Education Endowment Foundation/Sutton Trust research.** The support provided is tailored to needs of the pupils in each phase, therefore the interventions that are required differ across the phases.

- Interventions in all Key Stages (EYFS-KS4)
- Small group tuition
- Parental involvement
- Personalised home learning
- Independent learning strategies
- Social and emotional learning support
- Use of digital technology to support learning
- Effective feedback from all staff
- Oral language interventions (Primary Phase)
- Explicit reading comprehension interventions
- Explicit and systematic phonics and speech, language and communication (NELI) teaching (Primary Phase)
- Peer mentoring sessions
- Specific work on post 16 destinations (Secondary Phase)
- Behaviour interventions

Characteristics of effective spending

- 1. Spending on improving teaching might include professional development, training and support for early career teachers and recruitment and retention. Ensuring an effective teacher is in front of every class, and that every teacher is supported to keep improving, is the key ingredient of a successful school and should rightly be the top priority for Pupil Premium spending.
- 2. Evidence consistently shows the positive impact that targeted academic support can have, including on those who are not making good progress across the spectrum of achievement. Considering how classroom teachers and teaching assistants can provide targeted academic support, including how to link structured one-to-one or small group intervention to classroom teaching, is likely to be a key component of an effective Pupil Premium strategy
- 3. Wider strategies relate to the most significant non-academic barriers to success in school, including attendance, behaviour and social and emotional support. While many barriers may be common between schools, it is also likely that the specific features of the community each school serves will affect spending in this category.

Below we have outlined the main barriers to future attainment for pupils receiving the Pupil Premium Grant at Trinity.

Main I	ain barriers:		
А	The progress and attainment of disadvantaged pupils is lower than other pupils, this gap needs to narrow.		
В	Social and emotional difficulties for small group of pupils mean they require additional support. This often affects their attention and concentration in class, their attitude towards learning, and their behaviour, leading to lower outcome and progress made.		
с	A high proportion of parents are unfamiliar with the education system in the UK, or sometimes have had a negative/ unsuccessful experience schooling themselves. Therefore they need guidance and support on how to support positively their children's learning at home and school.		
D	Oral language skills are lower for children eligible for PP when entering reception than other pupils. (Primary Phase)		
E	A high proportion of children have a narrow life experiences outside of school.		
F	Some pupils struggle to learn independently. They lack confidence and resilience and this is affecting their progress (Secondary Phase).

A: The progress and attainment of disadvantaged pupils is lower than other pupils, this gap needs to narrow.	 Key Stage 4: Year 11 results in 2019 (the last published GCSE data) showed there is a progress gap of 1/4 grade between those in receipt of pupil premium and those who are not. The attainment 8 gap is 0.16 of a grade with those in receipt of PP funding now achieving an average grade of 4.2. This gap continues to narrow from previous years but still something we want to close. In order to do this in Key Stage 4 we are going to Teaching strategies: Ensure all staff are aware of the PP in their classes. Seating plans for each teacher to ensure the PP and all groups are clearly identified for the teachers planning and for any visitor to the classroom. Class teachers to clearly identify strategies on school view to improve outcomes for PP pupils. Each subject leader to identify key PP underachievers in each year group at the end of each reporting round and centrally organise in class intervention that is monitored for impact between reporting windows. Targeted Academic Support: Individual revision timetables for PP pupils in Year 11 set up by the interventions lead and Learning Mentor. Wider Strategies:	
 PP pupils given individual support, coaching, advice and guidance on their future education or career choices. 30 x Year 10 pupils involved in the 'Envision' project. Assistant Headteacher – Director of Character Education: The programme for Character Education and personal development supports pupils to look beyond the school curriculum and develop their skills and attributes in a variety of ways with the aim of building strong, resilient and confident character. This includes workshops which support pupils in making the right choices such as SRE, BLM and Prevent workshops. Pupils take part in theatre visits, sports activities, visits to galleries and other team building activities such as trampolining, rock climbing etc. We take part in workshops and talks given by King's College London linked to the field of medicine, as well as attending careers events both locally and in central London. We have formed a partnership with our local Independent school where pupils are supported to attend booster Maths and Science classes as well as take a GCSE Latin course. PP pupils given priority access to character based activities. There are also a wide variety of extracurricular clubs and activities taking place daily at Trinity including subsidised music tuition. Work experience: providing a high quality work experience provision for all Year 10 pupils. Pupils are confident and ready to make the next steps into adulthood. This impacts on their attitude to learning and helps them make progress. Aspirational visits, speakers and workshops at school. To inspire all groups to reach their potential (including trips to high attaining 6th forms and colleges and Russell group universities). Pupils have an aspiration and link this to academic achievement and progress. 	

•	All PP pupils will be given an opportunity to attend an event (internal or external)	
	designed specifically to aid their understanding of future education or careers.	
•	Subsidies offered on a case by case basis for extra-curricular visits and trips.	
•	A comprehensive Character charter (See the school website) afford pupils opportunities
